

## **City of Columbus, University District Street Parking Information 2023**

Most streets\* around the University District require a permit to park during specific hours on those streets. The streets are marked with signage indicating the parking permit requirements. The city sells permits to residents who have valid lease agreements on the streets which require them. You can learn more about the requirements and visit an eligibility map here:

You can access your signed and countersigned lease agreement by going to your portal home page, scrolling down to “Current Lease” and hitting “Download PDF.”
